

# AlturnaMATS *VersaMATS*®

Easy to Walk On... Safe to Work On... Great to Drive On  
Plus... Perfect for storing materials on work site and out of the mud

## **VersaMATS** Features:

- New, flat tread design
- New, AlturnaGrip slip resistant finish
- Safe to walk on
- Virtually eliminates ground restoration costs from vehicle damage
- Limited Lifetime Warranty
- Tough 1/2" thick polyethylene
- Eliminates need for plywood which splinters and warps
- Withstands heavy truck loads
- Prepared for linking together with flat Turn-a-Links
- Easy to handle
- Flexible, conforming to ground variations
- Field tested in record cold and heat
- Water and chemical resistant
- Sizes: 4' x 8' and 3' x 8'

Turn-a-Links lock *VersaMATS* together

*VersaMATS* are a totally new mat design, created for both pedestrian and vehicular traffic. The new flat, slip resistant finish assure safe foot traffic without fear of turning an ankle and vehicles can cross soft terrain without fear of getting stuck. *VersaMATS* are ideal for a wide variety of applications wherever pathways, parking areas and vehicle movement are considerations.

Withstand heavy vehicle loads

Easy and safe to walk on

*VersaMATS* lock together to form continuous walkway

# VersaMATS<sup>®</sup> Ground Protection Mats

## Ideal for a Wide Range of Applications

### VersaMATS Applications:

- Tree care industry
- Cemeteries
- Landscape industry
- General construction
- Golf courses
- Movie production companies
- Park and recreation facilities
- Special event contractors and operators
- Rental companies
- Educational facilities
- Municipalities

Flat Turn-a-Links permit locking the mats together to form a roadway or working platform which make *VersaMATS* ideal for staging and parking areas. The mats are tough and flexible, conforming to ground variations, yet they support heavy vehicles crossing soft terrain. Millions of dollars are spent each year on equipment repairs due to unnecessary damage to vehicle drive trains, frames and bodies. Plus, *VersaMATS* eliminate expensive wrecker removal and towing charges.

Turn-a-Links, made of 1/4" x 3/4" cold roll steel are of flat design. When creating a continuous roadway or working platform, they form a low profile, minimizing the possibility of tripping. Turn-a-Links are available as single units for connecting straight line pathways and as double units for connecting larger working platforms. Handi-Hooks are designed to slip into prepared holes for easy maneuvering of *VersaMATS*.

### Sizes to Suit Your Need

Size	Item Number	Approx. Ship. Wt. lbs. kg.
4' x 8' (1.22 x 2.44m)	VM48	86.00 (39.00)
3' x 8' (0.91 x 2.44m)	VM38	64.00 (29.25)
Handi Hook	AMHH	2.50 (1.13)
Turn-a-Link (Single)	FTL-S	8 oz. (227 gr.)
Turn-a-Link (Double)	FTL-D	20 oz. (567 gr.)

### No more plywood!

Plywood often breaks during the first use. It splinters, warps, gets water logged and is awkward to handle. Plywood often lasts less than one year. *AlturnaMATS* eliminates all the aforementioned.
